

Government Relations

Advocates of a business friendly climate in Delaware County.

The only Chamber to be committed completely to business development in Delaware County, The Delaware County Chamber of Commerce is widely recognized by elected officials as the voice for business; providing tremendous clout with legislators.

Through the non-partisan Government Affairs Committee; the Chamber tracks proposed legislation, educates the Chamber Membership of pending and enacted laws, establishes open forums for Members and legislators to meet, and drafts white papers in support of pro-business legislation.

Recognizing the challenges of modern business, the Government Affairs Committee is responsible for the creation of the Chamber's legislative agenda which serves to educate and inform Chamber Members, as well as elected officials representing the county, of the priorities that will benefit business growth and stability.

Get connected with Government Relations:

- Government Affairs Committee
- Annual Federal Forum presentation
- Meet the Candidates events
- County and State Forums
- Topical local expert panel participation

To learn more and register for Government Relations events visit www.delcochamber.org or contact the Delaware County Chamber of Commerce at 610-565-3677.
