Calling all High School Administrators!

The Delaware County Workforce Development Board and the Foundation of the Delaware County Chamber of Commerce is inviting your students to a one-of-kind career exploration event that is focused on inspiring and educating them about career pathways in Delaware County.

Don’t miss this opportunity to help your students take that next step into their future.

Wednesday, October 14th | 9:00 AM - 1:00 PM
Delaware County Community College, I
Main Campus: STEM Center and the Advanced Technology Center.

Format

The fair will be broken into three interactive components to ensure each student receives substantial information of the various career opportunities the Delaware County has to offer.

Career Awareness Welcome:

Students will enter an orientation upon arrival at the fair and will review what is being offered. The students will be introduced the career awareness artifact that they should complete while attending the fair.

Exhibitions:

Local businesses are sending their experts set up booths so they can speak one-on-on with students about any questions they may have about these in demand professions in Delaware County.

Speakers:

Professionals will give 3 presentations and discuss their experiences on the job.
