# GOVERNMENT AFFAIRS SERIES

PRICING INCLUDES ALL EVENTS

(4-5 ANNUALLY, 50 - 100 ATTENDEES AT EACH)

The Delaware County Chamber's Government Affairs Series is evolving to better serve today's business community. Rather than hosting forums solely organized around elected offices, the Chamber is moving toward issue-based conversations and facilitated dialogues that focus on the policies and challenges most directly impacting employers.

These programs are designed to create meaningful, nonpartisan engagement between business leaders, elected officials, policy experts, and community partners, with an emphasis on dialogue, understanding, and practical insight.

## ISSUE-BASED POLICY CONVERSATIONS

Each event will center on a timely topic affecting the regional business climate, such as workforce and talent development, economic growth, infrastructure, housing, taxation, healthcare, or regulatory policy. Depending on the topic, conversations may feature state, federal, county, or municipal officials alongside industry and subject-matter experts to provide broader perspective and deeper discussion.

## ADDITIONAL GOVERNMENT AFFAIRS PROGRAMMING MAY INCLUDE:

- Economic or Workforce Policy Forums
- Municipal or Regional Policy Updates
- Business Impact Briefings on Emerging Legislation

This refreshed approach ensures that sponsors and attendees engage in timely, relevant conversations that are directly connected to real business challenges and opportunities, while reinforcing the Chamber's role as a trusted convener and leading voice for the regional business community.

## STATE OF THE COUNTY

Partnering up with Delaware County Council, hear an update of Council's initiatives, projects and budgets for the next year. Meet the 5 members of council, ask questions and learn opportunities available to the business community. **DATE: SPRING TBD**
